Meeting Purpose and Content

Please provide a brief statement of the meeting's purpose and a concise overview of its content in the form of a bulleted list:

A number of zoning requests were addressed and approved:

- converting first floor retail/commercial to residential in the fairly new development 7th & Farnum
- alley vacation by Mayo
- conversion of single-family to Traditional Neighborhood Development for development of townhouses on 10th and Denton
- transfer from Local Business to Planned Development for the former Kmart site
- allowed an exception for addition parking stall requirements

The commissioners received a report on the launching of the city's Comprehensive Plan process. City planner Tim Acklin introduced Mary Walker Kramer, the city's project writing manager from Graef Planning & Urban Design in Milwaukee and showed a kickoff video from the comp plan interactive website.

Identify issues that the League may want to follow for further study or advocacy:

It could be worthwhile to follow the developing awareness and acceptance of the public to more variety in housing development related to density, affordability, and rental vs. owner-occupied status.

2021 LWVLA Observer Corps Report Form

Notable from this first look at the city's comp plan:

- outreach to diverse demographics
- online interactive features
- importance of communication to engage public participation

Note any additional comments or feedback regarding this meeting:

Items in this section of the form are provided for the observers' benefit. They do not need to be a part of the report, but they provide a checklist of WI Open Meetings Law requirements and good practice for public meeting accessibility. Notable observations about these practices could be included in your feedback comments.
